

FLOOR PLANS

American Standard
HEATING & AIR CONDITIONING

SAMSUNG

EQUIPMENT AVAILABILITY

- Have equipment in stock when you need it. Earn extra profit on weekends, after hours and for the quick sale by having the equipment in your inventory.
- Avoid stock outages in the middle of the summer by having the stock you need.
- SAVE MONEY, SAVE TIME, LOWER COSTS
- Avoid factory price increases and increase profit by investing in a pre-season floor plan.
- Do the job now and make the sale. No need to schedule the installation for another day and take the chance of losing the sale.
- Lower labor cost. Instead of using your labor to pick equipment from the supply house, use them to install the job or other more productive tasks.
- No need to pay after hour charges to SHEARER SUPPLY. The equipment is in stock at your business.

PROMOTIONS

- Take advantage of the SHEARER SUPPLY promotions that are available when you place a pre-season floor plan of American Standard and Samsung equipment or a spring/fall supply and parts pre-season order.
- Longer payment terms are available for pre-season floor plans. Have better cash flow by making the payment over the summer season while saving your available credit line for other ongoing business.

FINANCING

- Financing for American Standard Floor Plans is available through ASBS.
- See your TM about how you can qualify for an American Standard and Samsung equipment floor plan.
