Sign Construction

American Standard dealer and identification signs are available in single and double faced options. The double faced sign is illuminated and requires twin pole mounting. The single faced option, for fascia mounting, comes as either illuminated or non-illuminated (please see order form). The signs are made of the highest quality materials and are built to withstand the toughest environments. The sign cabinet is constructed of mill-finished extruded aluminum, containing a resistant pan-formed face made of heavy-duty acrylic.

I.D. graphics on American Standard-approved signs have a red and blue background with the American Standard logo. Dealer graphics consist of at least six-inch dealer copy in black against a white background.

Limited Warranty

Federal Heath warrants products of its own manufacture against defects in material and workmanship for a period of one year from the date of shipment. This warranty applies to the extent hereinafter set forth:

- a) Warranty includes material for **one (1) year** from date of shipment. The labor to replace any material is covered for **ninety (90) days** from the date of shipment under this warranty. This warranty is valid only if all other terms and conditions herein are met.
- b) The warranty covers all components of the sign which are manufactured by Federal Heath. Components carry the warranty of the manufacturer of that item which may exceed Federal Heath's standard warranty period. **Specifically: 1) fluorescent lamps carry no warranty; and 2) ballasts and transformers are covered for a period of three years from the date they are installed in the sign.**
- c) Federal Heath requires notification prior to replacement of a part under warranty. Replacement parts will be supplied, F.O.B. Jacksonville, Texas. They will be billed and then credit applied upon receipt of the defective part, shipped prepaid. Federal Heath shall have no obligation under this warranty if: 1) the signage is improperly installed by others not contracted by Federal Heath; 2) if the buyer fails to notify Federal Heath of any possible defect; and, if 3) the signage is damaged by acts of God, vandalism or any force

There are no warranties, expressed or implied, extending beyond those stated here. This warranty is given in lieu of all other warranties, expressed or implied. The obligation of Federal Heath is limited to replacement of defective parts or components for the period of time as stated above. Federal Heath has no other obligation or liability for any other injury or damage resulting therefrom.

Distributors: Forward orders to **Federal Heath Visual Communications: 1500 North Bolton, Jacksonville, TX 75766**.

WARRANTY INFORMATION

Federal Heath warrants products of its manufacture, against defects in material & workmanship for a period of one (1) year, from the date of shipment.

Ballasts are warranted for three (3) years, by the manufacturer. This warranty includes the replacement of defective parts only; lamps are specifically excluded from this warranty. For ballast replacement, notify the manufacturer, whose phone number is located on the side of the ballast.

Replacement parts will be provided FOB Federal Heath. Defective parts must be returned to Federal Heath. An invoice will be issued for replacement parts, at the time of shipment. A credit will be issued upon receipt of the defective parts.

If any work is performed without prior approval from Federal Heath , the warranty will become void.

FREIGHT RECEIVING INFORMATION

It is the responsibility of the receiving party to indicate on the Bill of Lading any damages to or shortages of product.

When a shipment is received and unloaded, inspect the shipment carefully, before opening. In the case of visible damage to the crate or product, make specific notations on the Bill of Lading, before signing the bill. If the driver refuses to wait, note the bill, "subject to inspection".

If damage is noticed, STOP uncrating. Call the carrier and obtain an "Inspection Report of Notation of Damage". Save any parts of the crate that have been removed. Continue uncrating in the presence of the inspector, to insure that further damage will be noted on the report. This includes sending power to the sign, in order to check the electrical components.

After you have obtained your copy of the noted freight bill and the inspection report, prepare a quotation for repair of the signs. Send all three (3) forms to Federal Heath We will advise you of the course of action we prefer, as soon as we receive the above mentioned forms. If damage is not significant, we may ask you to repair the sign. If damage is extensive, we may send you another sign.
